

“Join us for this important film and conversation. It will change you for the better”

*Sondra Jones, Platte County
Community Center South*

“There’s a lot of adversity, but there is also hope. This film will open your eyes and fill your hearts.”

*Sherrie Kisker, Platte County Health
Department*

Join us for this free screening

Join us for a dynamic film screening of *Resilience: The Biology of Stress and the Science of Hope*. This limited release documentary examines how abuse, neglect and other adverse childhood experiences (ACEs) affect children’s development and their link to health outcomes in adulthood. The film highlights how everyone can work together to support and build resilience in kids.

Thursday, November 7th

6:30-8:00pm

**Platte County Community Center South, 8875 Clark Ave,
Parkville, MO**

Platte County Community Centers
BETTER TOGETHER

**TRI-COUNTY
MENTAL HEALTH
SERVICES, INC.**
